**Part A. Children Whose Adoption Was NOT Completed In a Foreign Country.** This section provides data on children who come to the United States with a special immigration visa for adoption and who are initially adopted in California.

1. Children in the United States but not placed for adoption: This item provides data on children who have arrived in the United States but who, at sometime during the quarter, were not in an adoptive placement, either because they have not yet been placed for adoption or because they were placed for adoption and removed from the adoptive placement before the adoption was completed.

  - b. Children brought to the United States during the quarter: Report the number of children who arrived in the United States.
  - c. Removed from adoptive placement during the quarter: Report children who were actually or technically removed from adoptive placements during the quarter. Technical removals occur where the child remains in the home, but with a different status (e.g., foster care or guardianship), or where the original adoptive placement agreement is replaced by a new agreement.
  - d. Adoptive placement agreements completed during the quarter: Report children in the agency's custody for whom a formal adoptive placement agreement was signed by the adoption agency and the prospective adoptive parent(s).
  - e. Services terminated: Report the number of service terminations (e.g., due to death or becoming an adult) during the quarter.

  - b. Adoptive placement agreements completed during the quarter: This is the same as Item 1.d..
